Summary

I am an engineering undergraduate student studying IT with a keen interest in artificial intelligence and software development. I love using technology to solve real-world problems, and I'm excited to see how AI will change our lives in the coming years. I am very motivated and practical student. I am also a team player and always willing to help others.

Education

Bachelor of Engineering (B.E), Information Technology

Osmania University, Hyderabad   Aug 2020 - Present

Aggregate CGPA 7.3
